

YONDELIS® (trabectedin) YONDELIS – Latex Content

SUMMARY

- YONDELIS injection is supplied as a sterile lyophilized white to off-white powder/cake in a single-dose vial.¹
- YONDELIS does not contain latex as an ingredient. However, it cannot be guaranteed that the materials do not come in contact with latex during the manufacturing or packaging process (eg, latex gloves).²

LITERATURE SEARCH

A literature search of MEDLINE®, Embase®, BIOSIS Previews®, and Derwent Drug File (and/or other resources, including internal/external databases) was conducted on 24 October 2023.
